

The most significant gay sports film

since PERSONAL BEST, and an award-winner at film festivals around the world, SUMMER STORM is a film about competition and the emotional turmoil of growing up. Tobi and Achim have been best friends for years, and the key to their championship rowing team's success. When Achim's relationship with his girlfriend grows serious, problems arise at rowing camp as Tobi starts to realize that his feelings for Achim run deeper than he's willing to admit. As team captain, Tobi feels confused, unsure of himself and increasingly isolated. When a team of athletic, cliché-busting gay rowers arrives, Tobi and his teammates are suddenly forced to grapple with their prejudices, fears, and, perhaps, their hidden longings.
